Plaintiff LG Electronics, Inc ("LGE") brings this action for patent infringement against Defendants Hitachi, Ltd., Fujitsu Hitachi Plasma Display Ltd., Hitachi America Ltd., and Hitachi Home Electronics (America), Inc. (hereinafter, individually and collectively, "the Hitachi Defendants") and hereby alleges as follows:

**PARTIES**

1. Plaintiff LG Electronics, Inc is a foreign corporation organized and existing under the laws of the Republic of Korea with its principal place of business at LG Twin Towers, 20 Yeouido-dong, Yeoungdeungpo-gu, Seoul, 150-721, South Korea. LGE designs, makes, and sells many different products world-wide for consumer use including personal computers, mobile telephone handsets, DVD recorders and players, washing machines, and, most relevant here, plasma display TVs. LGE is the owner of record of the patents involved in this action

2. On information and belief, Hitachi, Ltd. ("Hitachi") is a foreign corporation organized and existing under the laws of Japan with its principal place of business at 4-6 Kanda-

Surugadai, Chiyoda-ku, Tokyo 101-8010, Japan. Hitachi is a large entity involved in the design, manufacture, use, sale, importation and/or distribution of a wide-range of consumer electronics products including the plasma display products accused of infringement herein

3 On information and belief, Fujitsu Hitachi Plasma Display Ltd ("FHPD") is a foreign corporation organized and existing under the laws of Japan with its principal place of business at 1815 Tajiri, Kunitmoi-cho, Higashimorokata-gun, Miyazaki, Japan. On information and belief, defendant Hitachi is an owner of defendant FHPD. FHPD designs, manufactures, uses, sells, imports, and/or distributes plasma display products accused of infringement herein.

4 On information and belief, Hitachi America Ltd. ("Hitachi America") is a New York corporation with its principal place of business at 2000 Sierra Point Parkway, No. 9, Brisbane, California. #### **JURISDICTION AND VENUE**

6 This is an action for patent infringement arising under the patent laws of the United States, including 35 U.S.C. § 271. This Court has subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331 and 1338(a) because this action arises under the patent laws of the United States, including 35 U.S.C. § 271 et seq

7. This Court has personal jurisdiction over the Hitachi Defendants because each does business in Texas and in this judicial district and/or has infringed or caused infringement in Texas and in this judicial district.

8. The Court has personal jurisdiction over the Hitachi Defendants because each has established minimum contacts with the forum and the exercise of jurisdiction over them would not offend traditional notions of fair play and substantial justice. On information and belief, the Hitachi Defendants knowingly and intentionally participate in a stream of commerce between, for example, Japan and the United States with a portion of such stream including sales of plasma display televisions and products (hereinafter the "accused PD products") that embody the system, practice the method, and/or produce the product covered by one or more claims of patents owned by LGE, as asserted in greater detail hereinafter. By way of example, the accused PD products include those ultimately sold and/or offered for sale within this judicial district under the Hitachi brand name such as, for example, plasma display TVs with model No. 55HDS69. In accordance with established distribution channels for the accused products, the Hitachi Defendants reasonably anticipated that accused PD products would end up in this district and be sold therein.

9. Venue is proper in this Court pursuant to 28 U.S.C. §§ 1391 and 1400(b)
